OVERVIEW

Driving for the driven.

The Accord, like those who drive it, embraces change. We don't just think about putting our drivers behind the wheel. We think about putting them behind pure dynamic power, with a striking, boldly designed exterior. When buckled in, you're surrounded by style, performance and our latest available tech features. When you're ready for more, the Accord is ready for you.

Key Features: Honda Sensing™ technologies, wireless Apple CarPlay™^{1,2} / Android Auto™^{1,2}

1. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit www.honda.ca/disclaimers and refer to the vehicle's Owner's Manual.

2. Only compatible with certain devices and operating systems. Operation may be dependent upon: 1. GPS satellite signal reception and available cellular data and/or voice connection; or 2. connection to vehicle's built-in Wi-Fi hotspot, if applicable. Associated charges (incl. data plans, roaming charges or other amounts charged by your wireless carrier) may apply.

Accord Touring 2.0 in Modern Steel Metallic.

Accord Touring 2.0 in Modern Steel Metallic.

Accord Touring 2.0 in San Marino Red.

EXTERIOR

Born to be bold.

With its dynamic angles, wide stance and long wheel base, the Accord attracts stares from every direction. The chrome grille, available chrome door handles and dual exhaust finishers add a luxurious touch to the sporty, aerodynamic exterior. The LED headlights with auto-on/off, LED taillights and LED daytime running lights add to its sharp looks, making you feel like the only one on the road. Speaking of the road, the available 19" aluminum-alloy wheels add yet another element of style that'll make everyone's head spin.

Key Features: LED fog lights, integrated LED turn signal indicators, available reverse gear tilt-down door mirror (passenger side), available one-touch power moonroof with tilt feature

Accord Touring 2.0 in San Marino Red.

INTERIOR

The comforts of home, on the road.

Once you're in, you'll never want to get out. Boasting ample rear legroom, the Accord also features heated front seats with available ventilation and available heated rear seats to keep everyone happy. If you enjoy the finer things, you'll love the available heated leather-wrapped steering wheel and the available leather shift knob. When you're ready to get on your way, the proximity key entry system with pushbutton start lets you grab a front door handle to unlock, and push the start button to go. The convenience continues with the 60/40 split fold-down rear seatback, while the driver's seat adds support with 12-way power adjustment including 4-way power lumbar support, making your seats more than just something to sit in. Don't be shy. Say hello to luxury.

Key Features: 60/40 split fold-down rear seatback, available heated leather-wrapped steering wheel, available heated rear seats (outboard positions only), available perforated leather-trimmed seating surfaces, available ventilated front seats

PERFORMANCE & EFFICIENCY

Get your cruise under control.

Think of the Accord as a well-tuned performance piece that really moves you. The available 1.5-litre, 16-valve, Direct Injection, DOHC, i-VTEC® turbocharged 4-cylinder engine with 192 hp¹ and 192 lb.-ft. of torque¹ is a healthy serving of get up and go, with more than enough power to get you around. Opt for the available turbocharged 2.0-litre engine with 252 hp¹ and 273 lb.-ft. of torque¹ for an even more powerful way to conquer virtually any road. Available transmissions include: Continuously variable transmission (CVT) and a 10-speed automatic transmission (AT) with Grade Logic Control, which helps to provide exceptional control.

If driving is a sport, this is how you play. Engage the available Sport mode button to create a dynamic handling experience you need to feel to believe. Go further with the available Adaptive Damper System to adjust the damping force for true driving comfort, tuning the suspension to either help deliver precision around every turn or provide softer ride damping for a more seamless, comfortable drive. In slower conditions, the automatic brake hold feature makes stop-and-go traffic more convenient by engaging the brakes at a stop even after the brake pedal is released. The road is long, and that's just the way the Accord likes it.

Key Features: Available 10-speed automatic transmission (AT) with Grade Logic Control, available continuously variable transmission (CVT), available steering wheel-mounted paddle shifters, available Adaptive Damper System

1. Horsepower and torque calculations reflect SAE net, Rev. 08/04, SAE J1349 procedures.

Accord Sport 2.0 in San Marino Red.

TECHNOLOGY

Keep in touch on the go.

Wherever you're headed, the Accord can satisfy your tech needs. With wireless Apple CarPlay^{TM1,2} and Android Auto^{TM1,2} easily connect your compatible smartphone to use on the 8" Display Audio System¹. On the same screen, display your route with the available Honda Satellite-Linked Navigation System^{TM2,3} with bilingual Voice Recognition. These features are designed to make staying in touch with family and friends more convenient, and your drive more entertaining.

Safety-wise, the multi-angle rearview camera¹ with dynamic guidelines is engineered to have your back, while the available head-up display (HUD) is designed to project helpful information into your line of sight on the windshield, from speed to navigation to speed limit signs. The Accord also boasts a standard 7" colour TFT meter display with Driver Information Interface, showing your audio and phone info, vehicle warning messages, navigation, safety support, trip range and settings. With the Accord, Honda's latest tech is now in reach.

Features: Available head-up display (HUD), standard Blind Spot Information (BSI) system¹, standard Rear Cross Traffic Monitor¹ system, standard remote engine starter, available rear USB charging ports²

1. Multi-angle rearview camera¹ with dynamic guidelines

2. Available head-up display (HUD)

3. Wireless Apple CarPlay^{TM1,2}/Android Auto^{TM1,2}

4. Available Display Audio System¹ with Honda Satellite-Linked Navigation System^{TM1,3} and bilingual Voice Recognition

5. Available wireless charging

6. 7" colour TFT meter display with Driver Information Interface

7. Standard Blind Spot Information (BSI) system¹

1. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit www.honda.ca/disclaimers and refer to the vehicle's Owner's Manual.

2. Only compatible with certain devices and operating systems. Operation may be dependent upon: 1. GPS satellite signal reception and available cellular data and/or voice connection; or 2. connection to vehicle's built-in Wi-Fi hotspot, if applicable. Associated charges (incl. data plans, roaming charges or other amounts charged by your wireless carrier) may apply.

3. Map database covers major metropolitan areas in Canada and the 48 contiguous U.S. states.

Take a lap in luxury. Whether you
are late, early, or right on time,
you can't help but be fashionable
in the 2021 Accord.

HONDALINK™ AND ADVANCED CONNECTIVITY

And you thought your phone was smart.

Plug into the most tech-savvy Accord yet. The available HondaLink™ Subscription Services helps to connect you to a world of features both inside and outside your Accord, while other available apps and features are designed to entertain and inform.

HONDALINK™^{1,2,3} SUBSCRIPTION SERVICES

Remote Start

Enjoy getting into a comfortable car with automatically adjusted climate control.

Remote Door Lock/Unlock

Whether you're locked out or forgot to lock up, count on quick, keyless entry and remote assurance from almost anywhere.

Geofence Alert

Get notified when your car enters or leaves a designated region.

Stolen Vehicle Locator

Designed to help recover your stolen vehicle faster. The system uses sophisticated technology to assist the authorities with attempting to find your vehicle.

Auto Collision Notification (ACN)

In the event of an accident, a Response Agent automatically checks in and helps send emergency care, even when passengers aren't able to respond.

ADVANCED CONNECTIVITY

AT&T Wi-Fi Hotspot

Connect up to seven compatible devices with your vehicle's available built-in Wi-Fi hotspot.^{2,4} Enjoy up to 4G LTE speeds on multiple devices. From the open road, you'll be able to stream hours of videos, play games, get real-time email access and surf the web. You'll be able to stay connected up to 50 feet away from your Accord.

Stay Connected

To learn more about the many HondaLink™ features not listed here, visit honda.ca/hondalink.

1. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit www.honda.ca/disclaimers and refer to the vehicle's Owner's Manual.

2. Only compatible with certain devices and operating systems. Operation may be dependent upon:

1. GPS satellite signal reception and available cellular data and/or voice connection;
or 2. connection to vehicle's built-in Wi-Fi hotspot, if applicable. Associated charges (incl. data plans, roaming charges or other amounts charged by your wireless carrier) may apply.

3. Subscription to HondaLink™ services is required. HondaLink™-equipped vehicles come with complimentary time-limited trial subscriptions; fees, taxes and other charges will apply in order to continue subscription services upon trial expiry. The availability of certain GPS satellite and/or cellular networks is required for HondaLink™ to operate properly. Service interruptions may occur and/or vehicle system upgrades may be required if cellular network availability is compromised. Some restrictions may apply. For additional HondaLink™ information, please visit www.honda.ca/hondalink and www.honda.ca/privacy.

4. New vehicles are equipped with a complimentary time or data trial period, whichever comes first. After the trial period, contact AT&T to purchase available data plans. 4G LTE connection speeds may vary by region.

Has a sixth sense for safety.

The Honda Sensing™ technologies are designed to help make your drive safer. With intuitive technology and design, we've created a way forward that we can all feel good about. Whether you're driving or sitting in the passenger seat, feel confident in the latest in safety innovation from Honda.

BRAKE**Forward Collision Warning (FCW) System**

The FCW system¹ is designed to detect the presence of vehicles in front of you and issue audible, visual and tactile alerts if you're approaching with too much speed. If you fail to respond, CMBS® is triggered into operation.

LDW**Lane Departure Warning (LDW) System**

The LDW system¹ is designed to monitor vehicle lane position and issue visual and tactile alerts if your vehicle drifts into another detected lane without signaling.

RDM**Road Departure Mitigation (RDM) system**

The RDM system¹ is designed to help steer and even apply the brakes if it detects that your vehicle may leave the road.

TSR**Traffic Sign Recognition (TSR)**

TSR uses a monocular camera to monitor speed limit signs, keeping you informed of the detected speed limit with a visual icon on the Driver Information Interface or the available head-up display.

Collision Mitigation Braking System™ (CMBS®)

To help reduce the likelihood or severity of a frontal impact, CMBS® is engineered to apply light brake pressure if you don't respond to FCW system alerts. If it still senses an imminent collision, CMBS® is designed to brake forcefully.

**Lane Keeping Assist System (LKAS)**

The LKAS¹ is engineered to gently correct your steering if you begin to leave a detected lane without signaling, applying torque progressively to the steering to help guide you back to the centre of the lane.

**Adaptive Cruise Control (ACC) with Low-Speed Follow (LSF)**

The available ACC system¹ with Low-Speed Follow is designed to keep a constant speed and set following interval behind any vehicle detected in front of you, including an ability to slow, stop and start with the flow of traffic.

1. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit www.honda.ca/disclaimers and refer to the vehicle's Owner's Manual.

Solid on safety.

At Honda, we strive to provide a high level of standard safety features to help ensure the safety of occupants, other drivers and even pedestrians. This added peace of mind helps our drivers maintain the confidence to enjoy every road to the fullest.

ACTIVE SAFETY

Blind Spot Information System (BSI)

The Honda Blind Spot Information System uses radar sensors in the rear bumper to help detect vehicles that would otherwise be in the driver's blind spot.

Available Low Speed Braking Control

No matter what speed you're travelling, collisions are best mitigated. That's why the 2021 Accord's Low Speed Braking Control uses sonar to detect solid objects at low speeds and alert the driver, or even apply the brakes.

Tire Pressure Monitoring System (TPMS)

To promote enhanced safety and fuel efficiency, the Tire Pressure Monitoring System² continually checks the air pressure in each tire. If pressure drops in any one tire, the driver receives a dashboard alert.

Vehicle Stability Assist (VSA®) with Traction Control

Vehicle Stability Assist¹ is designed to sense and help correct oversteer and understeer scenarios to enhance handling and cornering stability, while Traction Control is designed to minimize wheel spin when accelerating on loose or slippery surfaces, helping to inspire greater driver confidence.

Hill Start Assist¹

If you take your foot off the brake when stopped on an incline, this feature is engineered to temporarily maintain brake pressure to help prevent your Accord from starting to roll backwards.

PASSIVE SAFETY

Seat Belt Safety

The Accord helps prepare you for the unexpected with 3-point height-adjustable front seat belts with automatic tensioning system, and 3-point rear seat belts.

Child Safety

The Accord features childproof rear door locks as well as rear seat Lower Anchors and Tethers for Children (LATCH), which give you a simple and convenient method to install compatible child safety seats without using the vehicle's seat belt system.

Pedestrian Safety

Innovative pedestrian safety features include an energy-absorbing hood and front fenders and deformable wiper pivots.

Advanced Compatibility Engineering™ (ACE™) Body Structure

The highly innovative, next-generation Advanced Compatibility Engineering™ (ACE™) body structure is engineered to help disperse frontal impact energy to enhance occupant protection, while more effectively controlling it in severe collisions to help prevent intrusion into the passenger cabin.

Eight Standard Airbags

The cabin of the Accord contains eight standard airbags. It features an i-SRS front airbag system, knee airbags and side curtain airbags with a rollover sensor system designed to deploy in the event of a rollover. Plus, it has SmartVent™ side airbags, which are designed to deploy in a manner that mitigates the risk of injury to out-of-position or smaller occupants.

1. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit www.honda.ca/disclaimers and refer to the vehicle's Owner's Manual.

2. For optimal tire wear and performance, the pressure should be checked regularly with a tire gauge. Do not rely solely on the monitor system.

Build & Price the 2021 Accord Sedan online
at honda.ca/buildyourhonda

We're Here. At Honda, assistance and support are always available. The team of trained technicians at your Honda dealership will help keep your vehicle in terrific shape. If you need more information or assistance relating to your warranty, call us at 1-888-9-HONDA-9. For all of the latest Honda information, including product specifications, pricing, photos and more, visit honda.ca. It has everything you need to "design" your Honda and personalize it with items from a list of quality accessories.

We're Ready to Help. When you purchase a new Honda, you automatically receive Honda Plus Roadside Assistance. This service is available to you, or any authorized driver, 24 hours a day, 7 days a week, anywhere in Canada or the United States (including the lower 48 states, the District of Columbia, Alaska, Hawaii, and Puerto Rico). Coverage is for 3 years over an unlimited distance and includes a 24-hour toll-free Honda Plus Roadside Assistance number, mechanical breakdown towing, emergency roadside service and many other helpful features. Ask your dealer for more information.

Honda Plus Extended Warranty. Experience added protection with Honda Plus coverage that is behind you for the road ahead. With available coverage options of up to 8 years/200,000 km, you can choose the one that best suits your needs. With a plan this wide-ranging, the only thing that's uncertain is where it will take you.

Always use seat belts and appropriate child seats. Children 12 and under are safest when properly restrained in a rear seat. Properly secure all items stored in cargo areas. Always read the vehicle owner's manual for detailed vehicle operation and feature information.

Honda reserves the right to terminate or change any of the services and/or features listed in this brochure at any time, for any reason. Some features require registration. Certain features may transmit to Honda and/or other service providers a vehicle's location, operating conditions or other information that may be tied to the vehicle identification number (VIN) and can be combined to track a vehicle. For Honda's data use and Privacy Policies, see www.honda.ca/privacy. Here's to the dreamers.

The Power of Dreams

At Honda, The Power of Dreams drives us to create intelligent products that enhance mobility and increase the joy in people's lives. It is the mindset that guides us to help move people forward and protect the future we all share.

How do we do it? We never stop dreaming. In the 70s, we were the first automaker in the industry to voluntarily adhere to emissions standards. Now, we're advancing robotics and aviation, harnessing solar power and releasing a car that emits only water.

Through it all, our goal never changes: create a safer, smarter world in which people experience the joy of mobility.

The Honda Canada Foundation

The Honda Canada Foundation enables the realization of dreams by supporting people and organizations across the country that focus on four pillars: Family, Education, Environment and Engineering. Since 2005, more than 5.5 million Canadians have benefited from charitable programs funded by the Honda Canada Foundation.

Blue Skies for Our Children

We believe everything we do must exist in harmony with nature. That's where "Blue Skies for Our Children" was born. It's more than a mantra – it's an environmental pledge to the Earth and our future generations. And we're practicing what we preach.

Leading the LEED® certifications

Our sales offices also strive for environmental efficiencies. Honda's LEED® (Leadership in Energy and Environmental Design) Gold Certified Head Office campus in Markham, Ontario, includes green features such as a storm water management system, heat-reflective materials on the roof and bio swales for natural filtration. The facility uses 89 percent less litres of water per square foot and 38 percent less kilowatt hours of energy annually than the average office facility.

Zero Waste-to-Landfill

We don't waste time. Or anything else for that matter. Our goal is to increase our recycling efforts, reduce overall waste and divert materials from landfill sites. In fact, last year we sent less than one percent of waste to landfills from our office and parts distribution facilities combined.

One Honda. One Tree.

We're pretty obsessed with fresh air. For every lawn and garden or ATV product sold between April 1 and July 31 annually, the Honda Canada Foundation plants one tree. In the last 12 years, we've helped plant more than 160,000 trees in Canada.

Environmental Vehicles & Technology

Blending style, efficiency and a serious amount of thrill, the Accord Hybrid makes environmental responsibility feel almost rebellious. Combining a lithium-ion battery with a 2.0-litre engine, this Hybrid lets you go more and stop less on the way. The Honda Insight exemplifies hybrid efficiency, powered by a 1.5-litre Atkinson Cycle engine, electric motor and lithium-ion battery. And the future looks brighter with Honda advancing Fuel Cell technology that emits zero emissions.

Honda Clarity Plug-in Hybrid

Whoever said an eco-conscious came with compromise was sorely mistaken. This advanced plug-in hybrid vehicle lets you tap into electric power alongside the gas engine to create extra efficiency.
