Efficiency** P.13/14

**Colours &  
Trims** P.31-34

**Honda Sensing™  
Technologies** P.15/16

# The Accord does one thing really well. And that's everything.

The Accord, like its drivers, embraces change. We don't just think about putting our drivers behind the wheel. We think about putting them behind dynamic performance with an athletic exterior. And with technology like the Display Audio system, equipped with Apple CarPlay™<sup>1,2</sup> and Android Auto,<sup>TM1,2</sup> you can stay connected. In terms of evolution, this is just the beginning.

The 2016 Accord is here, and soon you will be, too.

1. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit [www.honda.ca/disclaimers](http://www.honda.ca/disclaimers) and refer to the vehicle's Owner's Manual.

2. Only compatible with certain devices and operating systems. Cellular data and/or voice charges may apply, including roaming charges and/or other amounts charged by your wireless carrier.

## The only downside is putting it in park.

With bold new styling, you'll have to get used to stares, whether you're driving or arriving. The chrome grille and available chrome door handles are just another touch complementing the handsome exterior. The LED daytime running lights and taillights, along with the available LED headlights and fog lights, will help you see better while being seen. The available 19" aluminum-alloy wheels add an element of style, while the available dual exhaust with chrome finishers and available side sill garnish add that extra dash of design. Add the available moonroof and enjoy the night sky from the best seat on the road. The only challenge now is getting you out once you get there.

Standard chrome grille and available chrome door handles

Standard LED daytime running lights and taillights, available LED headlights and fog lights

Available 19" aluminum-alloy wheels

Available dual exhaust with chrome finishers

Available side sill garnish

## If a car could flex.

The Accord Coupe doesn't just drive, it performs; the dark chrome grille and chrome door handles complement its sleek and sporty design, while the 18" aluminum-alloy wheels on the EX and the 19" aluminum-alloy wheels on the Touring trims help to emphasize its refined sophistication and muscular physique. But the styling doesn't end there: the available dual exhaust with chrome finishers gives it a look that can't help but get noticed. Add the spoiler and the Accord Coupe is almost more athlete than car. As for visibility, there's a more stylish way to see. The LED daytime running lights, taillights, fog lights and available headlights are designed to help you see better while you're driving. No matter what you choose, there are no wrong choices.

Available 19" aluminum alloy wheels

Proximity key entry and pushbutton start

Rear deck lid spoiler

Available body-coloured front and rear parking sensors

# Meet the athlete of the family.

The Accord Sport trim is nothing short of exhilarating. With the stylish and comfortable interior, you'll find a second home in the driver's seat. And the aluminum-trimmed sport pedals, side sill garnish, dual exhaust with chrome finishers, 19" wheels and one-touch power moonroof might just make you forget you've got somewhere to be. But what else would you expect from a vehicle that looks as good as it drives?

- Aluminum-trimmed sport pedals
- Side sill garnish
- Leather/fabric combi seating surfaces
- Carbon fibre-finish accents
- Dual exhaust with chrome finishers
- Proximity key entry and pushbutton start
- 19" aluminum-alloy wheels

## Enjoy luxury no matter what seat you're in.

On the inside, the only downside is you have to get out. The available perforated leather-trimmed seating surfaces are a testament to arriving in style. And the heated front and available heated rear seats (Sedan only) will bring new meaning to your understanding of comfort. If there's a particular way you like to sit, the Accord will remember it and keep it that way with the 10-way power adjustment including power lumbar support and available seat position memory. And with the dual-zone automatic climate control, both driver and passenger can get what they want, whether it's a little heat or a lot of air conditioning. New features like available wireless charging and available rain-sensing windshield wipers help to make the ride that much more enjoyable. While you're making yourself comfortable, be sure to enjoy some music with the available 360-watt AM/FM/CD Premium audio system with MP3/Windows Media Audio® playback capability and 7 speakers including subwoofer. And the Display Audio System<sup>1</sup> with HondaLink™<sup>1,2</sup> and Apple CarPlay™<sup>1,2</sup>/Android Auto™<sup>1,2</sup> provides an entertainment system that delivers in a big way. Don't be shy, say hello to luxury.

1. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit [www.honda.ca/disclaimers](http://www.honda.ca/disclaimers) and refer to the vehicle's Owner's Manual.
2. Only compatible with certain devices and operating systems. Cellular data and/or voice charges may apply, including roaming charges and/or other amounts charged by your wireless carrier.

# The future looks convenient.

## Display Audio System with Apple CarPlay™/Android Auto.™

With the Display Audio System<sup>1</sup> with Apple CarPlay<sup>TM1,2</sup> and Android Auto,<sup>TM1,2</sup> you'll start coming up with excuses to go out for a drive. Your compatible phone is integrated with the Display Audio System, helping to make it more convenient to stay connected with friends and family, so you can enjoy a more entertaining ride.

## Available Honda LaneWatch™ blind spot display.

Keep more of your right side in sight with the available Honda LaneWatch™ blind spot display<sup>1</sup>. Exclusive to Honda,<sup>3</sup> it's engineered to send a live video feed from a camera mounted under your passenger-side mirror to the Display Audio System<sup>1</sup> screen, providing close to four times more visibility than the side view mirror alone.

## 7.7" intelligent Multi-Information Display.

The 7.7" i-MID (intelligent Multi-Information Display) isn't just about staying connected to friends and family via the Accord's text message<sup>1,2</sup> and e-mail<sup>1,2</sup> functionality, it's also about having easy access to a host of important vehicle information such as fuel efficiency and trip range. The trip and audio information is complemented by the clock and wallpaper functions, as well as turn-by-turn directions (when using available embedded navigation or Apple CarPlay<sup>TM1,2</sup> or Android Auto<sup>TM1,2</sup> navigation apps). The i-MID also serves as the display for the available Honda LaneWatch™ blind spot display<sup>1</sup> and standard multi-angle rearview camera.<sup>1</sup>

## Available body-coloured front and rear parking sensors.

The available parking sensors are another step in helping Honda drivers enter and depart parking spaces more safely. By providing both an audio and visual alert, the system is designed to inform the driver when they're approaching another vehicle or certain sized obstacle.

## Available Honda Satellite-Linked Navigation System™ with bilingual Voice Recognition.

The available Honda Satellite-Linked Navigation System<sup>TM1,4</sup> comes with bilingual Voice Recognition, and uses the Display Audio System<sup>1</sup> to plan your route. Say goodbye to asking for directions.

## Available proximity key entry system with pushbutton start.

Getting in just got even easier. Automatically unlock your doors and start your engine with the push of a button with the available proximity key entry system and pushbutton start. Leave your keys in your pocket or purse and get used to more convenience.

## Available wireless charging.

Charge your smartphone without plugging it in. Simply drop your compatible smartphone into the available wireless charging pad and let the Accord do the rest. No wires, no distraction and more battery power by the time you get there.

1. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit [www.honda.ca/disclaimers](http://www.honda.ca/disclaimers) and refer to the vehicle's Owner's Manual.

2. Only compatible with certain devices and operating systems. Cellular data and/or voice charges may apply, including roaming charges and/or other amounts charged by your wireless carrier.

3. Based on information available to Honda Canada Inc. as of November 17, 2015.

4. Map database covers major metropolitan areas in Canada and the 48 contiguous U.S. states.

# There's no such thing as 'just a drive'.

The Accord was built to perform; with up to 278 horses<sup>1</sup> under the hood, it's hard not to. Add the available continuously variable transmission (CVT) and you'll understand that driving and enjoying yourself can mean the same thing. The improved suspension and handling are also responsible for the smiles you'll be seeing in the rearview. And with the Eco Assist™ system and ECON mode button, designed to improve fuel efficiency, the Accord helps you spend more time driving and less time filling up. When it comes to driving experiences, this is one that you won't easily forget.

1. Horsepower and torque calculations reflect SAE net, Rev. 08/04, SAE J1349 procedures.

**2.4-litre, Direct Injection with 185 horsepower<sup>1</sup> (189 horsepower<sup>1</sup> on the Sport trim) and available 3.5-litre V6 engine with 278 horsepower<sup>1</sup>**

**Available continuously variable transmission (CVT), standard 6-speed manual transmission (MT) and 6-speed automatic transmission (AT) for V6 engines**

**Variable Cylinder Management® (VCM®) technology on V6 engine (AT only)**

**Available remote engine start**

**Available steering wheel-mounted paddle shifters (Sport CVT trim)**

# Comes complete with a sixth sense.

The Honda Sensing™ technologies are designed to help make your drive safer. With intuitive technology and design, we've created a way forward that we can all feel good about. Whether you're driving or sitting in the passenger seat, feel confident in the latest in safety innovation from Honda.

## HONDA SENSING™ TECHNOLOGIES

### **Collision Mitigation Braking System™ (CMBS®).**

To help reduce the likelihood or severity of a frontal impact, the available CMBS® is engineered to apply the brakes if you don't slow down when it senses you're at risk of a collision. If it still senses an imminent collision, CMBS® is designed to brake firmly.

### **Adaptive Cruise Control (ACC).**

The available ACC system<sup>1</sup> is designed to keep a set speed and set following interval behind a vehicle detected ahead of yours.

### **Lane Keeping Assist System (LKAS).**

The available LKAS<sup>1</sup> is engineered to gently correct your steering when you begin to leave a detected lane without signaling, applying torque progressively to the steering to help guide you back to the centre of the lane.

### **Forward Collision Warning (FCW) system.**

The available FCW system<sup>1</sup> that is integrated with CMBS® is designed to detect the presence of vehicles in front of you and issue alerts if you're approaching with too much speed. If you fail to respond to the alerts, the CMBS® is triggered into operation.

### **Lane Departure Warning (LDW) system.**

The available LDW system<sup>1</sup> is designed to monitor vehicle lane position and alert you when your vehicle drifts into a new lane when you haven't signaled.

### **Road Departure Mitigation (RDM) system.**

The available Road Departure Mitigation system<sup>1</sup> is designed to help steer and even apply the brakes when necessary to help keep the vehicle from leaving the road.

Honda Sensing™ suite of safety and driver assist features are only available on automatic transmission vehicles.

1. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit [www.honda.ca/disclaimers](http://www.honda.ca/disclaimers) and refer to the vehicle's Owner's Manual.

# Solid on safety.

At Honda, we strive to provide a high level of standard safety features to help ensure the safety of occupants, other drivers and even pedestrians. This added peace of mind helps our drivers maintain the confidence to enjoy every road to the fullest.

## ACTIVE SAFETY

### Controlled Braking

To assist with safe stopping, the 4-wheel Anti-lock Braking System<sup>1</sup> (ABS) is designed to help you maintain control under hard braking conditions, while Electronic Brake-force Distribution (EBD) helps to optimize braking power based on weight distribution inside the vehicle. In addition, Brake Assist is engineered to help improve braking performance by applying brake pressure when a panic stop is detected.

### Vehicle Stability Assist (VSA<sup>®</sup>) with Traction Control

Vehicle Stability Assist<sup>1</sup> with Traction Control is designed to sense and help correct oversteer and understeer scenarios to enhance handling and cornering stability, while Traction Control is designed to minimize wheel spin when accelerating on loose or slippery surfaces, helping to inspire greater driver confidence.

### Hill Start Assist<sup>1</sup>

When you take your foot off the brake, this feature is engineered to temporarily maintain brake pressure to help prevent your Accord from starting to roll backwards when stopped on an incline.

## PASSIVE SAFETY

### Advanced Compatibility Engineering™ (ACE™) body structure

The highly innovative, next generation Advanced Compatibility Engineering™ (ACE™) body structure is engineered to help disperse frontal impact energy to enhance occupant protection, while more effectively controlling it in severe collisions, to help prevent intrusion into the passenger cabin.

### HondaLink™ Assist Automatic Emergency Response System

The HondaLink Assist Automatic Emergency Response System<sup>1,3,4</sup> helps you get the help you need when you need it most. If the airbags deploy, your Display Audio System<sup>1</sup> is designed to automatically attempt to put you on a call with an operator who will forward your location to first responders if needed. It works with any compatible Bluetooth<sup>®</sup>-paired phone as long as it has reception, does not require a subscription and gives you added peace of mind while you're on the road.

### Child safety

The Accord features childproof rear door locks (Sedan only), as well as rear seat Lower Anchors and Tethers for Children (LATCH), which give you a simple and convenient method to install compatible child safety seats without using the vehicle's seat belt system.

### Pedestrian safety

Innovative pedestrian safety features include an energy-absorbing hood and front fenders and deformable wiper pivots.

### Tire Pressure Monitor System (TPMS)

To promote enhanced safety and fuel efficiency, the Tire Pressure Monitoring System<sup>2</sup> monitors and compares the rolling radius and rotational characteristics of each wheel and tire while you are driving to determine if one or more tires are significantly under-inflated.

### Six standard airbags

The Accord comes with six standard airbags. It features dual-stage, multiple-threshold front airbags as well as Smartvent<sup>™</sup> side airbags, which are designed to deploy in a manner that mitigates the risk of injury to out-of-position or smaller occupants. On top of all that, it features a side curtain airbag with a wide deployment profile designed to help enhance ejection mitigation.

### Seat belt safety

The Accord helps prepare you for the unexpected with 3-point height-adjustable (Sedan only) front seat belts with automatic tensioning system and 3-point rear seat belts.

<sup>1</sup> None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit [www.honda.ca/disclaimers](http://www.honda.ca/disclaimers) and refer to the vehicle's Owner's Manual.

<sup>2</sup> For optimal tire wear and performance, the pressure should be checked regularly with a tire gauge. Do not rely solely on the monitor system.

<sup>3</sup> Only compatible with certain devices and operating systems. Cellular data and/or voice charges may apply, including roaming charges and/or other amounts charged by your wireless carrier.

<sup>4</sup> Operation requires wireless mobile phone to be paired with the vehicle. Operation is dependent upon cellular data and/or voice connection availability and GPS satellite signal reception.

# The Power of Dreams, in all their forms.

At Honda, we're committed to being a leader in innovative thinking. It's part of everything we do, from the design of our vehicles to the way we work. We have a proud tradition of turning ideas into products and initiatives that help move and improve people's lives in every conceivable way. Today, our innovation manifests itself in many forms: our revolutionary Earth Dreams™ technology, the race-inspired performance of our motorcycles and automobiles, the world's most advanced humanoid robot, ASIMO, HondaJet, the fastest, highest flying and most fuel-efficient aircraft in its class, and the first full line of fuel-efficient, low-emission, 4-stroke outboard motors. We continually strive to do things others think can't be done, because true innovation comes from daring to dream.

Beyond dreaming up new products, Honda believes we have a responsibility to do everything we can to help preserve our planet. This belief is why we make significant efforts to help ensure preservation of the environment in all of our company's activities. It's why our head office in Markham, Ontario was designed and built to be LEED® (Leadership in Energy and Environmental Design) Gold Certified. It's why our Alliston, Ontario plant is ISO 14001 certified. And it's why Honda, along with our associates and families, has helped plant more than 100,000 trees in Canada over the last 9 years.

As we move forward, we will continue to honour our responsibility and tradition of turning innovative ideas into products that help make our world a better place. That's what we do. That's The Power of Dreams.

**HONDA**  
The Power of Dreams

**We're Here.** At Honda, assistance and support are always available. The team of trained technicians at your Honda dealership will help keep your vehicle in terrific shape. If you need more information or assistance relating to your warranty, call us at 1-888-9-HONDA-9. For all of the latest Honda information, including product specifications, pricing, photos and more, visit [honda.ca](http://honda.ca). It has everything you need to "design" your Honda and personalize it with items from a list of quality accessories.

**We're Ready to Help.** When you purchase a new Honda, you automatically receive Honda Plus Roadside Assistance. This service is available to you, or any authorized driver, 24 hours a day, 7 days a week, anywhere in Canada or the continental United States. Coverage is for 3 years over an unlimited distance and includes a 24-hour toll-free Honda Plus Roadside Assistance number, mechanical breakdown towing, emergency roadside service and many other helpful features. Ask your dealer for more information.

**Honda Plus Extended Warranty.** Experience added protection with Honda Plus coverage that is behind you for the road ahead. With available coverage options of up to 8 years/200,000 km, you can choose the one that best suits your needs. With a plan this wide-ranging, the only thing that's uncertain is where it will take you.

**Honda Financial Services.** Whether you buy or lease a Honda, Honda Financial Services can assist you with the process. Ask your dealer which lease or purchase plan best suits your needs.

**New Honda Vehicle Warranty.** The Honda warranty protection makes Power Train components a minor concern with the Honda 5-year/100,000-km No Nonsense Warranty. In addition to the Honda 5-year/100,000-km No Nonsense Warranty, you and your new Honda are protected by a Honda 3-year/60,000-km Distributor's Warranty as well as an additional series of warranties for such items as emission controls, body corrosion and more.

**Genuine Honda Accessories** give you the opportunity to fine-tune your new Honda just how you like it. Whether you want to turn up the style, the versatility or the exclusivity, every accessory is designed and built to adhere to the strictest Honda standards. See your dealer for full details.

**Genuine Honda Replacement Parts** are made to the same exacting standards as original Honda components and are guaranteed by the Genuine Honda Parts Warranty. Using Genuine Honda Parts will help to maintain the quality, reliability and performance of your vehicle.

**Always use seat belts and appropriate child seats. Children 12 and under are safest when properly restrained in a rear seat. Honda reminds you to properly secure all items stored in the cargo area.**

1. Horsepower and torque calculations reflect SAE net, Rev. 08/04, SAE J1349 procedures.
2. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit [www.honda.ca/disclaimers](http://www.honda.ca/disclaimers) and refer to the vehicle's Owner's Manual.
3. For optimal tire wear and performance, the pressure should be checked regularly with a tire gauge. Do not rely solely on the monitor system.
4. Only compatible with certain devices and operating systems. Cellular data and/or voice charges may apply, including roaming charges and/or other amounts charged by your wireless carrier.
5. Operation requires wireless mobile phone to be paired with the vehicle. Operation is dependent upon cellular data and/or voice connection availability and GPS satellite signal reception.
6. HomeLink® can be programmed with codes of up to three remote-control devices (e.g., garage-door opener, home security system, etc.).
7. Map database covers major metropolitan areas in Canada and the 48 contiguous U.S. states.
8. Coverage varies by market.</li

1. Horsepower and torque calculations reflect SAE net, Rev. 08/04, SAE J1349 procedures.

2. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit [www.honda.ca/disclaimers](http://www.honda.ca/disclaimers) or refer to the vehicle's Owner's Manual.

3. Only compatible with certain devices and operating systems. Cellular data and/or voice charges may apply, including roaming charges and/or other amounts charged by your wireless carrier.

4. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge. Do not rely solely on the monitor system.

5. Only available in certain areas. Includes a no-charge trial of three months.

6. Map database covers major metropolitan areas in Canada and 48 contiguous U.S. states.

7. Coverage varies by market.

8. HomeLink® can be programmed with codes of up to three remote-control devices (e.g., garage-door opener, home security system, etc.)
