

**ACCORD**

**30<sup>TH</sup> ANNIVERSARY**

• LIMITED EDITION •

Like many of life's more satisfying achievements,  
this offer has been 30 years in the making.

The Honda Accord has been delighting drivers and motoring journalists for 30 years and to celebrate we now bring you the 30<sup>th</sup> Anniversary Accord Limited Edition.

At its base is the spacious and comfortable Accord VTi, that has then been enhanced by a very impressive list of extras. The 30<sup>th</sup> Anniversary Accord Limited Edition boasts an array of additional features designed to increase the car's luxury levels. With an 8-way power driver's seat, sumptuous leather seats and a leather steering wheel<sup>†</sup>, style and comfort take centre stage. But the extravagance isn't limited to within. Enhancing the exterior are parking sensors, free metallic/pearlescent paint, boot lid spoiler and naturally, 30<sup>th</sup> Anniversary badging. And all for a very affordable \$31,990<sup>\*</sup>.

Underneath the extras though, is a technologically clever, beautifully engineered car.

The 30<sup>th</sup> Anniversary Accord has a high level of interior appointment, tailored for the well-being of its occupants in all driving conditions. Cabin space is plentiful, enough to comfortably seat five adults with ample leg room for both rear and front seat passengers. The large sumptuous leather seats<sup>†</sup> are perfect to sit back and relax in. And for the driver, additional lumbar support comes as standard.

The cabin is an ergonomic triumph, with everything where it should be for ease and comfort of use. Dual Zone Climate Control comes as standard, allowing both driver and passenger to manage their own personal environment.

Occupant satisfaction is further enhanced with a 6 stack in-dash CD tuner, cruise control positioned on the steering wheel, and a multifunction 'wave blade' ignition key that can lower all windows at once whilst offering keyless entry to the doors and boot. And to top it all off, the Accord has been designed to maximise smoothness and interior quietness. With incredibly low noise levels, the cabin cocoons its occupants in luxurious calm. While underneath it all, the Accord is tuned for a comfortable ride and optimum handling. It's little wonder that the 30<sup>th</sup> Anniversary Accord sets the standard for both comfort and design.

Not to mention road presence – the sort that only a large car can command.

The refined 2.4 litre DOHC i-VTEC engine produces 118 kW of power and 218 Nm of torque. An intelligent combination of VTEC (Variable valve Timing

and lift Electronic Control) and VTC (Variable Timing Control) technologies benefit both driver and the environment, delivering power, low emissions and importantly these days, excellent fuel economy. So it means that the 30<sup>th</sup> Anniversary Accord is as responsible as it is responsive.

Which brings us to passenger safety. The structure of the Accord has been made both stronger and lighter by using high strength steel. When integrated with G-Force Control technology, it means that the whole body, the unibody, serves as a strong protective cage that can absorb and dissipate impact. It's the kind of thinking that puts your mind at ease.

The 30<sup>th</sup> Anniversary Accord's Anti-lock Braking System (ABS) is complemented by Electronic Brake force Distribution (EBD) which spreads the optimum braking force equally between front and rear, depending on passenger and cargo positioning; resulting in less distance travelled under brakes. This works to minimise the chance of a collision.

In the unlikely event of a collision, dual stage front airbags for the driver and passenger are now flanked by side SRS airbags with an innovative Occupant Position Detection System to ensure they deploy in the most effective possible way. 3-point seatbelts are provided in the front and rear, with pre-tensioner and load limiter systems for the front seats.

So the 30<sup>th</sup> Anniversary Accord is substantial, strong and safe. It has both power and economy. It is well designed to maximise space and to maximise comfort

it offers many standard luxuries. It's this level of consideration that makes the Accord a pleasure for driver and passenger alike.

We're very proud of the 30<sup>th</sup> Anniversary Accord and our faith in its quality is reflected in the 3 year 100,000km warranty, the 3 year paint protection warranty and its 6 year rust perforation warranty. We can ensure you are as happy with your Accord in years to come as you are on the day you drive it out of the showroom.

The 30<sup>th</sup> Anniversary Accord Limited Edition offers brilliant engineering and exceptional comfort, but also outstanding value.

So celebrate 30 years with us and give yourself an anniversary gift that will be a pleasure for years to come.
